

Jan H. Pack, RN, BS, COSC, CNOR, LNC

CERTIFIED REGISTERED
NURSE

📍 714 S Jefferson Way, Indianola, IA 50125

Jan H. Pack is a Registered Nurse Case Manager with The Evangelical Lutheran Good Samaritan Society and is affiliated with the Good Samaritan Home Care Indianola IA. She has expertise in Home Health, Dementia, Rehabilitation, Surgery, and Administration, including Legal Nurse Consulting. At this time semi-retired and her goal is to make her 50th year, and who knows maybe longer. With over 48 years of experience as a registered nurse, Jan has specialized in Administration, Rehabilitation, Surgery, Dementia, Wounds, and Home care. There are very few genres of nursing that she has not experienced, and enjoyed each one equally, which is why it is so very difficult to put those 48 yrs. in a nutshell, a brief description of job titles etc. is really non-essential at this time in her career, what she has done she has loved, no matter the genre, though, she must admit there are 2 areas where this was not the case, emergency room, and psychiatry, not her cup of tea at all. What has kept her in this career is her love of nursing, providing the needs to make sure all patients are individually cared for no matter the issue, this she has always worked to make the difference in achieving her goals of being the best she can be in the field she is working in at the time. Jan earned her nursing diploma through Addenbrookes Hospital Cambridge England in 1974, was Certified in Midwifery in Cambridge UK then moved to the US on contract in 1977. She graduated with her Bachelor of Science in Health Care Administration from St Leo University, Florida. Coming to the United States, Jan became a Certified Home Health Administrator, a Certified OASIS Specialist - Clinical, and a Certified Operating Room Nurse. She also works on occasion as a Legal Nurse Consultant, and uses this experience in her everyday work making sure all documentation she reviews, and audits of medical records remain legally written, and within all aspects of required regulations, educating as needed to all concerned. She spent over 15 years in the field of surgery as Director for Surgical Services in different states before entering the field of home care. She dedicates this recognition in loving memory of her mother, Hazel Guest, who she lost at 16yo to breast cancer, and aunts Maisie Glover, and Connie Warlow, who were both nursing auxiliaries, nowadays known as nursing assistants, also dedicating this to her high school English teacher, Mr. Chris Smith, without whom she would not be where she is today, as she attributes his persuasion in staying on at high school, and continuing her education to receive the required education to enter Addenbrookes Cambridge, she cannot thank him enough for this. She made the decision at 6yo to become a nurse, and she met that goal in 1971.. To stay up to date in her field, she remains a professional member of the Association of periOperative Registered Nurses, National Association for Home Care & Hospice, Iowa Association of Health Care, and the Iowa Home Care Association.
