

Lesley Davidson, RN

REGISTERED NURSE

Lesley is a registered nurse who is retired from practice. During her active days as a registered nurse, Lesley specialized in pediatrics. Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. Lesley earned her nursing diploma from Mount Royal College in Calgary, Canada in 1973.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role of treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, as well as assisting with patient rehabilitation and follow-up.

Lesley attributes her success to her love for her profession. She currently resides in Burnaby, British Columbia, Canada.
